Meristem President interviewed by Investment Advisor Magazine

JERRY JOHNSON FEATURED IN "FROM THE TOP"

TWIN CITIES – November 2007 - Jerry Johnson was interviewed for the cover article in the November issue of Investment Advisor magazine. The article "From the Top" is about six advisors and their firms deemed to be leaders in the industry describing how their firms have evolved, the way they serve their clients and what the challenges will be in the future for firms in the investment advisory business. Jerry stated "It was a great opportunity to compare notes with others in our industry. One of the great things about firms in the fee only high-end wealth management industry is our willingness to work together and share our successes and challenges. I think that sense of cooperation and openness is completely consistent with the business that we are in - giving non-conflicted financial advice to our clients. It was an honor to be selected to participate in the interview."
